

**REMARKS**

The Applicant is responding to the "Notice of Drawing Inconsistency with Specification" mailed 09/06/2006.

**Changes to the Drawings**

There are no changes to the drawings at this time. It is currently believed that Figs. 1—5, 6a, 6b, and 7—10 were originally filed. These drawings are discussed by the Detailed Specification.

**Changes to the Specification**

The "Brief Description of the Drawings" section should be replaced to remove references to Figs. 10a, 10b, 11a—11c and 12. There should be a new reference to Fig. 10.

Note that the description of Fig. 10 (added to the new Brief Description of the Drawings Section) is not new matter, since that sentence was copied from the Detailed Specification at approximately the middle of page 25.

The paragraph prior to the word "Conclusion" was amended to change "Fig. 12" to "Fig. 10".

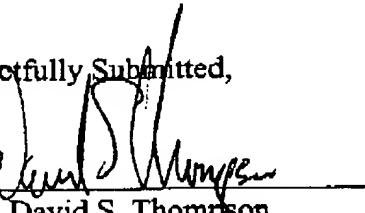

**Conclusion**

The Applicant submits that the Specification and Drawings are now consistent, and that the application is in condition for allowance. If the Patent Office has concerns, please give us a call.

Date: 11 - Sept. 2006

Respectfully Submitted,

By:
